

Victory Fernwood

33 x 12ft 2 Bedrooms

SPECIAL FEATURES
Double Glazing and Central Heating

LIVING AREA

A superb seating area with backed soft cushions, positioned in such a way to take maximum advantage of the views from the large front facing picture windows. On the side wall there is a 'state of the art' flame effect electric fire.

CARAVAN DETAILS

The Victory Fernwood is exceptional, making full use of all the new features available in caravans today. It has a very modern feel to it, with the benefit of double glazing and central heating throughout.

KITCHEN

This kitchen has it all!, a large gas cooker with extractor fan above, microwave, under cupboard lighting, and a large integrated fridge freezer. The units are finished in a light hessian effect covering.

DINING AREA

There is a small low partition between the lounge and the kitchen, and the dining area is 'in the kitchen', this works really well, giving the feeling of two separate areas.

MAIN BEDROOM

The main bedroom has a superb bed (which lifts up to provide additional storage underneath). High aqua coloured headboards create an unusual, but very pleasant effect. A chest of drawers and wardrobe are at the foot of the bed, where there is also space for a TV.

TWIN BEDROOM

A well laid out twin room with small wardrobe and two single beds, which can be pushed together to form another double bed if required.

BATHROOM

The bathroom is divided into two. In one half there is the toilet and sink, and in the other is the large shower with sliding doors and a second sink. A very useful feature which works well.
